WHO WE ARE

We are a family run home care provider who support vulnerable people in their own homes.

As well as caring for the elderly, we specialise in supporting young people with autism and/or learning disabilities within their own home, and in the community to access a variety of activities. Our mission is to allow our clients, regardless of background, to maintain a high quality of life.

HOURS / WORKING PATTERN

We are seeking both **full-time (around 35 hours)** and **part-time (12+ hours)** team members to join our welcoming, family-run business. We aim to be as accommodating as possible and are open to candidates interested in mornings only, evenings only, or weekends only. We simply ask for a commitment of at least two shifts per week.

Typical shifts are:

Mornings: 7:00am – 2:15pm (approx.)

Evenings: 3:30pm – 10:00pm (approx.)

We encourage candidates to commit to one weekend day and **we are also happy to explore other options that don't require weekend shifts**. We're flexible and open to discussing this further during the interview!

REQUIREMENTS

To guarantee the highest level of care, **we are looking for people who drive and have access to their own vehicle**.

Whether you're new to care or have previous experience, we welcome you! No prior knowledge is required, as we offer thorough training both online and in-person to ensure you feel confident and fully prepared for your role.

We are especially eager to meet individuals who are not only reliable but also bring warmth and passion to their work. If you're someone who enjoys making a meaningful impact in the lives of others and takes pride in providing excellent service, we'd love to have you join our team!
