About us

Horizon Healthcare provides exceptional 24-hour residential support for adults with a learning difficulty and associated complex needs in the Yorkshire region. We offer specialist equipment within our homes to meet a range of individual requirements. A person-centred approach is key to the organisation's work enabling those we support to meet their full potential.

Working Hours

The days you work are flexible, and we always try our best to work with you to make sure the days you work suit both you, and our service. Weekend availability is essential for our roles, whether it is alternate weekends, or a set weekend day.

Hampton House – Support Worker

Days (8am – 8pm) –

Full time (36 hours) and part time (24 hours)

Waking Nights (8pm – 8am) –

Full time (36 hours) and part time (24 hours)

Your day to day:

- Support people with their daily living activities (Getting ready for the day, washing, dressing etc)
- Enable the people we support to maintain important relationships and grow their social network.
- Provide opportunities for the people we support and promote their independence.
- Where required to do so – support with medication in a safe manner.
- Support people to access activities that are appropriate to their wishes, abilities, and needs.
- Assist in the general running of the home, performing cleaning and cooking duties daily and encouraging the people we support to engage in these tasks wherever possible.

WHAT WE OFFER YOU

- Free DBS
- Full and comprehensive paid training
- Level 2 qualification paid for and supported by the business.
- Lots of internal progression and opportunities
- In house 'Aspiring Team Leader Training' available for those wanting to learn to manage a team
- Access to a 24/7 telephone service for advice on health, counselling, and finance
- Money off trips to the Dentist and Opticians after 3 years' service.
- Employee of the month, quarter and year with prizes and benefits and awards
- Trips out and holidays with the clients
- Big Christmas party for all staff, clients, and families.
